DEPARTMENT _____

Re: Gasoline Odor in house at 1650 S. Fort

At approximately 10:30 A.M. on June 25, 1984, I received a call from Wayne Latimer stating that he had received a complaint from Mrs. Maxine Deeds, 1650 S. Fort, of gasoline odor in her house.

Upon investigation I could find very little gasoline odor in the sanitary sewer on Fort St. When I contacted Mrs. Deeds she said that she had been getting a gasoline odor in her bathroom in the mornings. I could not smell gasoline when I was there. I informed Mrs. Deeds that apparently she must have a defect in her plumbing, because she should not get any smell from the sanitary sewer back into her house. I also told Mrs. Deeds that we would be glad to smoke the City's sanitary sewer in order to locate the leak in her plumbing. Mrs. Deeds did not want to smoke the sewer line because she did not want to know about any problems with her sewer line because she didn't want to spend the money to have her line repaired.

I told Mrs. Deeds that if she had any more problems or if she decided that she wanted the sewer line smoked, to be sure and call.

1650 S. Fort
